

3 December 1964

MEMORANDUM FOR THE RECORD

Morning Meeting of 2 December 1964

General Carter presided.

There was a current intelligence briefing. The following memoranda for the DCI were delivered: a history of the Lop Nor test site, US aid to selected [ ] countries, and the monthly Soviet missile test report.

[ ]

Kent discussed a conversation between De Gaulle and Lippmann. He speculated on the possibility of medium-range missiles in Indonesia, and he made a long speech about efforts to get the Director to sign off on the updating of the IAP.

John Warner discussed the [ ] case.

Cline delivered a memo indicating that the North Vietnamese had advance warning on about three out of four 34-A operations.

DDCI noted a FMSAC report about live firing in Cuba and discussed the desirability of remaining alert.

DDCI discussed the stand he had taken on the assignment of military personnel to the Agency.
